PAYMENT POLICY:

Water bills not paid by the due date will have ten percent (10%) added to the cost of the water bill. All fees are subject to state and local sales tax of 9.75%.

The customer is responsible for the payment of water bills and other duly authorized charges. The covenants in our bond resolutions and regulations of the Comptroller of the Treasury of the State of Tennessee require that we disconnect and discontinue service if water bills are not paid. Further, these regulations recognize that a water bill is a routine bill owed by the customer. The customer's failure to receive a bill does not change in any way the customer's obligation to pay the amount due in a timely manner. This policy or any other policy is available for review upon request.
